

# Tri-Clean

A 2 in 1 product designed for manual glass soaking and automatic glasswashing. It can also be used as an outstanding beer line cleaner. Its unique formula eliminates the need for individual products, thus reducing inventory levels and associated costs. Suitable for all water conditions and is simple and safe to use.

Exceptional performance

Spotlessly clean results

2 in 1 - Pre-soaker & Detergent

Suitable for automatic glasswashers

Reduces hand polishing

Suitable for all water conditions

Ideal for cleaning beer lines

Colour coded labelling

# Tri-Clean

## Use Instructions

### Soaking Glassware:

Dilute Tri-Clean in a sink at 1:80 (125ml/10L). Soak the glassware for 5-10 minutes, then remove from the solution and rinse well with clean water.

### Beerline Cleaning:

1. Dilute Triclean Solution at a ratio of 1:80 or 12.5mL/L. For example, 250mL of Triclean into 20L of water.
2. Open beer taps to pull the Triclean solution through the line. Once solution is through, turn off taps and let solution sit in the lines for 30 minutes to 2 hours.
3. Flush lines thoroughly with fresh water on each beer tap until the pH of the flush water returns to normal (use pH strips if required).

### Automatic Glasswashing:

Predilute Tri-clean at 1:5-1:10 (1000-500ml/5L). Add to the reservoir in the glasswashing machine.
